Hikvision Dvr Drivers

Restoring a “gray market” product to its original condition is a factory process and will result in a Chinese interface.. If you have purchased your Hikvision products from an online source or unauthorized distributor, they may not be compatible with the North American region’s firmware and are considered to be “gray market” product.. If you have any questions or concerns about the official status of your Hikvision distributor, please contact Hikvision USA Customer Service.. Please be aware that Hikvision products are region-specific and regionally supported.. If your camera has “CH” in the serial number, you are most likely using a “gray market” product.. By downloading the firmware from this web page you are agreeing to Hikvision's Software User License Agreement..

.....
.....
.....
..... • Product selector.

It contains SDK, drivers The Player SDK (hereby referred to as “The SDK” or “The player SDK”) is the secondary development kit for HIKVISION DVR.. Updating the firmware from this site can lead to several complications in those cameras, up to and including camera failure.. As Hikvision warranty is void in this case, you must rely on the dealer for any service, support, and warranty of the “gray market” product.
